Special Issue

## CUPE Certification Vote

In this Special Issue of the Bulletin we are providing a complete list of names for the convenience of those who are entitled to vote on whether or not they wish to have the trade union CUPE represent them. The voting will be held over a three-day period from April 25 to 27th, 1988.

### List of Eligible Voters

Those of you who are administrative staff should check to see if your name appears on this list. The location of your polling station is noted beside your name.

- If your name is on the list you have the right to vote and should do so.
- If your name is not on the list, by agreement between the University and CUPE, you have been excluded from a bargaining unit on the basis of being either a managerial or a confidential employee.
- If your name appears with an asterisk (\*), this means that your status in a bargaining unit has not yet been determined. You are still entitled to vote and should do so.

### Voters List Postings

You will also find official voters lists, in a format ordered by the Labour Relations Officer of the Ontario Labour Relations Board and agreed to by CUPE and the University, posted at various locations around the University.

### Secret Ballot

The entire voting process is supervised by the Ontario Labour Relations Board and voter confidentiality is ensured. No one will know how you voted.

### Alternative Locations and Time Off to Vote

It is preferable that you vote at your assigned location, but if this is not possible, you may vote at any of the other locations. The University will arrange for you to be able to vote during working hours.

### Voter Information Service

We suggest you keep this section of the Bulletin handy for easy reference. If you have any questions, please give us a call at 978-8750 or 978-6260.

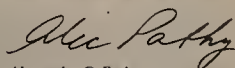

### Vote as you like, but please vote

If you are on the voters list you have the right to vote. Please exercise that right. If you don't vote you are letting others decide the matter for you.

Keep in mind that it is *50% plus one of those who vote* who will determine the outcome. For instance, if only 400 people vote, then the decision could be made by just 201 voters.

We urge you to

Vote as you like, but please vote.

Alexander C. Pathy  
Vice-President, Business Affairs
